Patient's Guide

Prof Laurence Kirwan MD FCRS FACS

PS Worldwide Ltd T/A Professor Laurence Kirwan is registered with the Care Quality Commission. Services provided from this location include:

- Treatment of Disease, Disorder and Injury
- Diagnostic and Screening Procedures
- Surgical Procedures (Only pre-operative and post-operative surgical assessments and follow up appointments are provided from this location)

Disability Statement

We are unable to offer access to those patients with wheelchair mobility needs and we do not have disabled toilet facilities. Where we are unable to provide services to any disabled patients we will seek to give details of an alternative provider.

Children

We do not treat patients who are under 18 years of age. Children should not be brought to the clinic and if brought against advice they are solely the responsibility of the parent or guardian.

Consultations & Confidentiality

Consultations are conducted in private and all information given during consultations remains confidential.

Annual Survey of Patients

We conduct an annual assessment of the views of our patients in order to inform and improve our service delivery. A summary of the results of this will be available on request.

Access to Health Records

You have the right to access your records in accordance with the Access to Health Records Act. Please ask for details.

Comments, Suggestions & Complaints

Should you have any comments, suggestions or complaints please raise these initially with practitioner.

If not satisfied you may put your comments, suggestions or complaints in writing to the Registered Manager (Kirwan) at the address below:

**PS Worldwide Ltd T/A Professor Laurence Kirwan
56 Harley Street
London W1G 9QA**

Written complaints will be acknowledged within 2 working days and we aim to give a formal response to complaints within 20 working days.

You may also make comments or suggestions about this guide to the above address.

The Care Quality Commission has no statutory powers to investigate any complaints that patients or other members of the public make about independent healthcare services, nor do they have a regulatory role to manage, arbitrate or resolve their complaints, concerns or allegations. However, they will take account of all information that they receive from the public about registered independent providers, or about unregistered providers that they consider should be registered. If they suspect that the provider has committed an offence under the Act or a breach under the regulations, they are required to take action to bring about improvement.
